

CERTIFICATION OF REACH COMPLIANCE

Brandywine Communications complies with EU REACH regulations.

Under the structure of the REACH Regulation, Brandywine Communications is a manufacturer and supplier of “articles” to our EU customers through several Distributors located within the EU and through Original Equipment Manufacturers located around the world. We do not manufacture or supply “substances” or “preparations” and our articles do not involve the “intentional release of substances.” Accordingly, we foresee no registration or pre-registration requirement for the products we supply to you.

Brandywine Communications is constantly monitoring the substances of very high concern (SVHC), as defined by REACH, in our products.. Brandywine’s products and packaging materials do not contain 38 SVHC (Substance of Very High Concern) beyond permissible levels, thus there is no obligation of report and information disclosure.
